Project-No/-ID

LICENSED TEST MARK

Report No.

T3PD

T3PD0001

Tested according to

ISO 26262:2018 (Parts 2, 4, 5, 6, 8, 9)

Certified Product(s)

Evaluation of RT640
Version: 1.4

Technical
Data/Parameter

The above-mentioned product has been approved in a standard configuration (see certification report for details). The identified technical and process parameters are in compliance with ASIL B requirements.

Specific
Requirements

The certificate is for type approval and based on a detailed functional safety assessment. Any changes to the design or processes may require repetition of some of the assessment steps in order to retain type approval. The certificate report is an integral part of this certificate. All requirements and specifications of the current valid revision of this report shall be met.

Certification Body
for Functional Safety
SGS-TÜV Saar GmbH

The validation status is
documented via SGS
Certification Database.

The test mark regulation
is an integral part
of this certificate.
